IN THIS PROSPECTUS, REFERENCES TO THE "COMPANY", "EFOOD", "WE", "US", AND "OUR" REFER TO EFOODSAFETY.COM, INC.

PROSPECTUS SUMMARY

The following summary does not contain all the information that may be important to you. You should read this entire prospectus carefully, especially "Risk Factors" and the financial statements and related notes included elsewhere in this prospectus, before deciding to invest in shares of our common stock. This prospectus contains forward-looking statements that are based upon the beliefs of our management, but involve risks and uncertainties. Our actual results or experience could differ significantly from the results discussed in the forward-looking statements.

THE COMPANY

We were incorporated in Nevada on October 28, 1996 as DJH International, Inc., to wholesale products to businesses; and via the Internet to businesses and the general public where applicable. While developing the business, a merger with Global Procurement Systems was completed on October 16, 2000, and a name change to eFoodSafety.com, Inc. was accomplished. Upon the merger, Ms. Patricia Ross assumed the official duties as president of the corporation and brought the corporation on its present path of developing sanitation services and products in the fruit and vegetable market worldwide. Due to lack of financial resources, no products or services are currently being offered.

COVERED SECURITIES

We previously issued 29,335,000 shares of our common stock. This prospectus covers any resale of the following shares.

Common Stock Registered for Resale	12,540,000
Common Stock Outstanding prior to the Offering	29,335,000
Common Stock Outstanding after the Offering	29,335,000

RISK FACTORS

An investment in our common stock is speculative in nature and involves a

high degree of risk. In addition to the other information contained in this prospectus, the following factors should be considered carefully before making any investment decisions with respect to purchasing our common stock. This prospectus contains, in addition to the lack of historical information, forward-looking statements that involve risks and uncertainties. eFood's actual results may differ materially from the results discussed in the forward-looking statements. This Risk Factors section includes all risks that we consider to be material.

(1) WE ARE A DEVELOPMENT STAGE COMPANY, WITH NO OPERATING HISTORY, AND YOU COULD LOSE YOUR ENTIRE INVESTMENT.

3

Our business has not shown a profit. Since we commenced operations in October of 1996, we have accumulated a negligible net loss through the present. A year-end profit may not be realized in the year ending December 31, 2002 and profitability may not be achieved in the future. In addition, we are in poor financial condition from a lack of capital.

(2) FINANCIAL RISK OF DEPENDENCE ON KEY PERSONNEL.

The success of the company will depend to a great extent on Patricia Ross and her management team. These individuals may not remain with the company due to the lack of employment contracts. If we lose our key personnel, our business may suffer. We depend substantially on the continued services and performance of our senior management and, in particular, their contacts and relationships, especially within the fresh fruit and vegetable industry.

(3) RISK OF LOSS OF INVESTMENT DUE TO HIGHLY COMPETITIVE NATURE OF OUR INDUSTRY.

The market for sanitation products for fruits and vegetables is intensely competitive, and the specific niche the company is entering also carries with it a high degree of risk. eFood has no operating history or any revenues from operations. eFood has no assets or financial resources. eFood has operated at a loss and will continue to do so for some time.

We are smaller than our national competitors, and consequently lack the financial resources to enter new markets or increase existing market share. In fact, we compete with several companies that specialize in the \$5 billion dollar fruit and vegetable sanitation market. Most of these companies have longer histories, greater name recognition, and more financial resources than we do.

(4) RISK OF LIQUIDITY, AS THERE IS NO PUBLIC MARKET FOR OUR SHARES, AND NO ASSURANCE OF A PUBLIC TRADING MARKET DEVELOPING.

Purchasers of these shares are at risk of no liquidity for their investment.

Prior to this offering, there has been no established trading market for our securities. A regular trading market for the securities may not develop after completion of this offering. If a trading market does develop for the securities offered hereby, it may not be sustained.

(5) RISK DUE TO POSSIBILITY OF HIGHLY VOLATILE STOCK PRICE.

Should a market develop for our shares, the trading price of the common stock may be highly volatile and could be subject to wide fluctuations in response to factors such as actual or anticipated variations in quarterly operating results, announcements of technological innovations, new sales formats or new services by us or our competitors, changes in financial estimates by securities analysts, conditions or trends in Internet or traditional retail markets, changes in the market valuations of other Internet or produce and procurement oriented companies, announcements by us or our competitors of

significant acquisitions, strategic partnerships, joint ventures, capital commitments, additions or departures of key personnel, sales of common stock and other events or factors, many of which are beyond our control. In addition, the stock market in general, and the market for produce and procurement companies in particular, has experienced extreme price and volume fluctuations which have often been unrelated or disproportionate to the operating performance of such companies. These broad market and industry

4

factors may materially adversely affect the market price of the common stock, regardless of our operating performance. In the past, following periods of volatility in the market price of a company's securities, securities class-action litigation has often been instituted against such companies. Such litigation, if instituted, could result in substantial costs and a diversion of management's attention and resources, which could have a material adverse effect on our business, results of operations, and financial condition.

(6) RISK OF REDUCED LIQUIDITY OF "PENNY STOCKS".

The Securities and Exchange Commission has adopted regulations that generally define a "penny stock" as any equity security that has a market price of less than \$5.00 per share and that is not traded on a national stock exchange, NASDAQ or the NASDAQ National Market System. Now, or sometime in the future, penny stocks could be removed from NASDAQ or the NASDAQ National Market System or the securities may become subject to rules of the Commission that impose additional sales practice requirements on broker-dealers effecting transactions in penny stocks. In most instances, unless the purchaser is either (i) an institutional accredited investor, (ii) the issuer, (iii) a director, officer, general partner or beneficial owner of more than five percent (5 %) of any class of equity security of the issuer of the stock that is the subject of the transaction, or (iv) an established customer of the broker-dealer, the broker-dealer must make a special suitability determination for the purchase of such securities and have received the purchaser's prior written consent to the transaction. Additionally, on any transaction involving a penny stock, the rules of the Commission require, among other things, the delivery, prior to the transaction, of a disclosure schedule prepared by the Commission relating to the penny stock market and the risks associated with investing in penny stocks. The broker dealer also must disclose the commissions payable to both the broker-dealer and registered representative and current quotations for the securities. Finally, among other requirements, monthly statements must be sent to the purchaser of the penny stock disclosing recent price information for the penny stock held in the purchaser's account and information on the limited market in penny stocks. Consequently, the penny stock rules may restrict the ability of broker-dealers to sell the securities and may affect the ability of purchasers in this Offering to sell the securities in the secondary market.

(7) RISK DUE TO MINORITY STATUS OF NEW INVESTORS.

Upon completion of this offering, our directors and executive officers will beneficially own approximately 16,795,000 million common shares; approximately 57.26% of the outstanding common stock if all the shares offered are sold. As a result, these stockholders, if they act as a group, will have a significant influence on all matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions. Such control may have the effect of delaying or preventing a change in control of the Company. See "Principal and Selling Stockholders".

FORWARD-LOOKING STATEMENTS

This prospectus contains statements that plan for or anticipate the future. Forward-looking statements include statements about the future of the Internet and food safety and sanitation industries, statements about our future business plans and strategies, and most other statements that are not historical in nature. In this prospectus, forward-looking statements are generally identified by the words "anticipate," "plan," "believe," "expect," "estimate," and the like. Because forward-looking statements involve future risks and uncertainties, there are factors that could cause actual results to differ materially from

those expressed or

5

implied. For example, a few of the uncertainties that could affect the accuracy of forward-looking statements include:

- (A) an abrupt economic change resulting in an unexpected downturn in demand;
 - (B) governmental restrictions or excessive taxes on imports and exports;
 - (C) over-abundance of products and services related to the produce and procurement industries;
 - (D) economic resources to support the retail and wholesale promotion of new products and services;
 - (E) expansion plans, access to potential clients and advances in technology; and
 - (F) lack of working capital that could hinder the promotion and distribution of products and services to a broader based wholesale population.
- (G) the Company presently has insufficient funds to start operations.

USE OF PROCEEDS

The principal purpose of this registration is to create a more liquid public market for eFood's common stock. Upon the effectiveness of this registration statement, a portion of eFood's outstanding shares of common stock will be eligible for resale under the Securities Act. While eFood will bear the expenses of the registration of the shares, eFood will not realize any proceeds from any actual resale of the shares that might occur in the future. The selling shareholders will receive all proceeds from any resale.

DETERMINATION OF RE-SALE PRICE

This is not an offering of securities, but a registration of existing shares of common stock held by selling shareholders. Therefore, there is no offering price. The re-sales of shares, if any, will take place at then current market prices or, in the absence of an established market, at negotiated prices; or both.

Our business is subject to compliance with various government regulations. We are subject to regulation by numerous governmental agencies, the most active of which is the Securities and Exchange Commission (the "SEC"), which will regulate our status as a fully reporting company.

SELLING SHAREHOLDERS

The following table sets forth certain information as of the date of this prospectus, with respect to the selling shareholders for whom eFood is registering shares for resale to the public. All of the shares listed in the table were purchased from and issued by eFood Safety on October 9, 2000 for cash at \$0.0005 (par value) per share. There are no known relationships between any of the shareholders, or eFood's management. The ultimate beneficial owners having voting or investment power of the shares held in the name of all non-persons listed are: 1) Clarence W. Karney; and 2) Patricia Ross.

All of the shares offered by this prospectus may be offered for resale, from time to time, by the selling shareholders, pursuant to this prospectus, in one or more private or negotiated transactions, in open market transactions in the over-the-counter market, or otherwise, or by a combination of these methods, at fixed prices that may be changed, at market prices prevailing at the time of the sale, at prices related to such market prices, at negotiated prices, or otherwise. The selling shareholders may effect these transactions by selling their shares directly to one or more purchasers or to or through broker-dealers or agents. The compensation to a particular broker-dealer or agent may be in excess of customary commissions. Each of the selling shareholders may be deemed an "underwriter" within the meaning of the Securities Act in connection with each sale of shares. The selling shareholders will pay all commissions, transfer taxes and other expenses associated with their sales.

PLAN OF DISTRIBUTION

To our knowledge, none of the selling shareholders has made any arrangement with any brokerage firm for the sale of the shares. The selling shareholders have advised us that they presently intend to dispose of the shares through broker-dealers in ordinary brokerage transactions at market prices prevailing at the time of sale.

Any broker-dealers or agents who act in connection with the sale of the shares may be deemed to be underwriters. Any discounts, commissions or

concessions received by any broker-dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act.

eFood has not registered its shares for resale under the securities or "blue sky" laws of any state. Current shareholders and persons who desire to purchase the shares in any trading market that may develop in the future, should be aware that there may be significant state "blue sky" restrictions upon the ability of new investors to purchase the securities. These restrictions could reduce the size of any potential trading market. Under federal law, non-issuer trading or resale of eFood's common stock may be exempt from most state registration or qualification requirements. However, some states may continue to restrict the ability to register or qualify eFood's common stock for both initial sale and secondary trading by regulations prohibiting or imposing limitations on the sale of securities of development stage issuers.

LEGAL PROCEEDINGS

We are not a party to any legal proceedings.

As of October 16, 2000, there were 29,335,000 shares of common stock issued and outstanding that were held of record by approximately 32 shareholders.

11

Each outstanding share of common stock is entitled to one vote on all matters to be submitted to a vote of shareholders, except that, upon giving the notice required by law, shareholders may cumulate their votes in the election of

directors. Holders do not have preemptive rights, so we may issue additional shares that may reduce each holder's voting and financial interest in our company. The right of holders of our common stock to receive dividends may be restricted by the terms of any shares of our preferred stock issued in the future. If we were to liquidate, dissolve, or wind up our affairs, holders of common stock would share proportionately in our assets that remain after payment of all of our debts and obligations and after any liquidation payments with respect to preferred stock.

Preferred Stock

There is no provision in the Articles of Incorporation for preferred stock at this time.

Dividends

We have no plans to pay dividends at this time, and we do not expect to pay dividends on common stock anytime soon. Our board will decide on any future payment of dividends, depending on the results of operations, financial condition, capital requirements, and any other relevant factors.

At present, there are no provisions in the by-laws that could delay a change in control of the company.

Convertible Notes

There are no convertible notes outstanding at this time.

SHARES ELIGIBLE FOR FUTURE USE

Upon the effectiveness of this registration statement, eFood will have 12,540,000 outstanding common shares registered for resale by the selling shareholders in accordance with the Securities Act of 1933.

Prior to this registration, no public trading market has existed for shares of eFood common stock. The sale, or availability for sale, of substantial amounts of common stock in the public trading market could adversely affect the market prices for eFood's common stock.

DESCRIPTION OF BUSINESS AND PLAN OF OPERATION

eFoodSafety.com, Inc., was incorporated in Nevada on October 28, 1996 as DJH International, Inc., to market products through the Internet. The founder, Michael J. Daniels, saw the need for good products and services to be marketed traditionally and via the World Wide Web and sought opportunities through companies that had the ability to sell and deliver in a timely fashion.

On October 2, 2000, the company declared a 6 to 1 stock split of its shares of common stock. Subsequently, on October 16, 2000, we entered into an agreement and plan of reorganization with Global Procurement Systems, Inc. whereby we acquired Global. As a result of the acquisition, we issued

16,795,000 shares of common stock in exchange for the outstanding shares of Global and changed our name to eFoodSafety.com, Inc. Upon the merger, Ms. Patricia Ross assumed the official duties as president and brought us to our present path toward development of sanitation services and products in the fruit and vegetable market worldwide.

We have undergone no bankruptcy, receivership, or similar proceedings.

We were organized for the purpose of creating a corporate vehicle to seek, investigate and, if such investigation warrants, acquire an interest in one or more business opportunities presented to it. At this time, we have completed a merger as per above, and have identified a specific business that we have targeted for operations. This plan of operation assumes that we will be able to raise the necessary funds, through equity and/or debt financing, to finance our food safety products and services business. We presently have no cash on hand and management serves without compensation.

The company is still considered to be a development stage company. The company has no revenue and is dependent upon the raising of capital through placement of its common stock. There can be no assurance that we will be successful in raising the capital required through the sale of its common stock.

The U.S. Department of Agriculture has estimated that less than 2% of all fruits and vegetables are pathogen, or "germ", free, at the initial packing point, and less still are provided with a way to continue to eliminate the growth of pathogens during the distribution cycle. Recently, old methods of sanitation have resulted in illness and, in some cases, death of consumers of fresh fruit and vegetables as well as processed juices. Our research, covering the past two years and, along with our process development has demonstrated that our Food Safe Program, utilizing chlorine in conjunction with Food Safe 2600, ozone, or electronic pasteurization virtually eliminated all pathogens, including E. Coli, Salmonella, and Listeria, at the packing house or distribution center.

The Food Safety Program is intended to be complete process that incorporates an application and monitoring system utilizing either existing or custom designed spray applications of Food Safe materials to fresh fruit and vegetables after the initial chlorine bath. The program will continuously monitor water quality, Oxidation Reduction Potential (ORP), ph, chlorine concentration, and maintains continuous records in encrypted for that satisfies Hazard Analysis Critical Control Point [HAACP] requirements.

Patent protection will be sought immediately after operations commence. The management has decided to wait until after the Food Safety Program has had a thorough "run-through" in an eFood-approved facility. If any improprieties in their process are detected, although they believe this to be highly unlikely, certain changes will be made with a patent application to follow.

The program will be marketed locally prior to receiving patent protection. In order to set up a potential customer base, the company will introduce its program to various fruit and vegetable industry players. In addition, the program has been presented to various government officials in order to seek governmental support.

There will be no up-front cost to the customer involved in the program. We intend to supply machinery and materials. Charges for usage of the program will be based on each unique situation and will be determined on a case-by-case basis.

The program will use common materials, as will the manufacture of equipment, so we will have a multitude of vending sources from which to choose. In addition, we plan to market our products and services so as not to become dependent on any one customer.

We plan to market all services, products, and produce from our off-line supply/distribution facilities through outside salesmen and through our web site, <http://www.e-foods-safety.com>.

Competition

The on-line food-safe products and services marketplace is in its infancy, with no dominant business-to-business leader.

The fresh fruits, vegetables, and produce industries are extremely competitive and have become highly fragmented over the years. Operators have been attempting to hold or increase market share through the development and operation of traditional sales and distribution outlets. We believe that on-line marketing will be effective, and that others will emulate our business model.

There are presently, to the best of our knowledge, no companies that provide complete inspection services, processes, and equipment. There are, however, competitors that do provide partial food-safe programs.

We will compete with many different companies regarding certain commodities in the marketplace including, but not limited to:

- o Dole, Castle & Cook, Del Monte, Baskovitch, Redi Pack, Grimmway Farms, Tony Vitrano, Fresh Express, T & A, Fresh America, Sysco, Wal-Mart, K Mart, Costco, Cub Stores, Super Value, Fresh Point, AmeriServ, Kraft, and Monarch Foods;
- o Safeway, Albertson's, Winn Dixie, Publix, Kroger, Food Lion, Stop & Shop, Wegman's, Giant Foods, Path Mart, Cash & Carry, and Raley's;
- o Burger King, Wendy's, McDonald's, In and Out Burger, Chili's, Subway, Hardee's, Jack-in-the-Box, White House, What-a-Burger, PepsiCo, Hyatt Hotels, Marriott Hotels, and Hilton Hotels.
- o Private inspection services such as McDonald's Inspections and FBI Inspections.

The only licenses required will be a PACA (Perishable Agricultural Commodities Act) License and a State's License issued by the State Department in each state the company is conducting its business. The Company has not applied for any licenses to date.

Our Chairman, Mr. Clarence Karney has three decades of experience in this industry, and the processes developed comply with all present governmental and industry standards. There are no applicable environmental laws that require compliance.

The management team will eventually consist of approximately ten officers and/or directors. Six supervisors will oversee the operations divisions at each distribution center. The employees at each facility will be contracted through local vendors. The company currently has no paid employees. All work contributed by Mr. Karney and his colleagues and associates are on a pro bono basis. The company has no payroll.

DESCRIPTION OF PROPERTY

We have office facilities and equipment that are provided at no charge until we are able to complete our first round of financing. Karney and Associates provides the space at Visalia, California.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Section 78(1)(2)(3) & (4) of the Nevada Revised Statutes (the "NRS") permits corporations to indemnify a director, officer or control person of the corporation or its stockholders for any liability asserted against him and liability and expenses incurred by him in his capacity as a director, officer, employee or agent, or arising out of his status as such, whether or not the corporation has the authority to indemnify him against such liability and expense. Our Articles of Incorporation and By-laws do not include such a provision automatically indemnifying a director, officer, or control person of the corporation, or its stockholders for any liability asserted against him and liability and expenses incurred by him in his capacity as a director, officer, employee or agent, or arising out of his status as such.

Our By-laws, Article X Section 3, do permit us to secure insurance on behalf of any director, officer, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether or not Nevada law would permit indemnification.

We are not obligated to indemnify the indemnitee with respect to (a) acts, omissions or transactions from which the indemnitee may not be relieved of liability under applicable law, (b) claims initiated or brought voluntarily by the indemnitee and not by way of defense, except in certain situations, (c) proceedings instituted by the indemnitee to enforce the Indemnification Agreements which are not made in good faith or are frivolous, or (d) violations of Section 16(b) of the Securities Exchange Act of 1934 or any similar statute.

15

While not requiring the maintenance of directors' and officers' liability insurance, if there is such insurance, the indemnitee must be provided with the maximum coverage afforded to Directors, Officers, key employees, agents or fiduciaries, if indemnitee is a director, officer, key employee, agent or fiduciary, respectively. Any award of indemnification to an agent would come directly from our assets, thereby affecting a stockholder's investment.

These indemnification provisions may be broad enough to permit indemnification of our directors and officers for liabilities (including reimbursement of expenses) arising under the Securities Act.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

To the best of our knowledge there are no transactions involving any director, executive officer, any nominee for election as a director or officer or any security holder who is a beneficial owner or any member of the immediate family of the same.

ADDITIONAL DISCLOSURES - MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

There is no market for our stock. None of our common stock is subject to outstanding options or warrants to purchase or securities convertible into common equity. No dividend for our common stock has been declared in the past two fiscal years or for any other period. Since we presently have no earnings the company does not have the ability to pay dividends and cannot anticipate paying any in the future. There are approximately thirty-one shareholders of our common stock. For a list of all of the shareholders and the percentage of our stock that they each own see page 7, supra.

INDEPENDENT AUDITOR'S REPORT

eFoodSafety.com, Inc.
(Formerly DJH International, Inc.)
(A Development Stage Company)

We have audited the accompanying balance sheets of eFoodSafety.com, Inc. (formerly DJH International, Inc.) (a development stage company) as of April 30, 2001 and 2000, and the related statements of operations and cash flows for the years ended April 30, 2001 and 2000, and the statement of stockholders' equity since October 28, 1996 (inception) to April 30, 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of eFoodSafety.com, Inc. (formerly DJH International, Inc.) (a development stage company) as of April 30, 2001 and 2000, and the results of its operations and its cash flows for the years ended April 30, 2001 and 2000 in conformity with generally accepted accounting principles.

The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

INTERIM REPORTING

The unaudited financial statements as of October 31, 2001 and for the six month period then ended reflect, in the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to fairly state the financial position and results of operations for the six months. Operating

results for interim periods are not necessarily indicative of the results which can be expected for full years.

NOTE 2 - INCOME TAXES

As of April 30, 2001, the Company had a net operating loss carryforward for income tax reporting purposes of approximately \$33,000 that may be offset against future taxable income through 2020. Current tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited. No tax benefit has been reported in the financial statements, because the Company believes there is a 50% or greater chance the carryforwards will expire unused. Accordingly, the potential tax benefits of the loss carryforwards are offset by a valuation allowance of the same amount.

NOTE 3 - DEVELOPMENT STAGE COMPANY - GOING CONCERN

The Company has not begun principal operations and as is common with a development stage company, the Company has had recurring losses during its development stage. The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company does not have significant cash or other material assets, nor does it have an established source of revenues sufficient to cover its operating costs and to allow it to continue as a going concern. In the interim, shareholders of the Company have committed to meeting its minimal operating expenses.

NOTE 4 - COMMITMENTS

As of April 30, 2001 all activities of the Company have been conducted by corporate officers from either their homes or business offices. Currently, there are no outstanding debts owed by the company for the use of these facilities and there are no commitments for future use of the facilities.

NOTE 5 - COMMON STOCK TRANSACTIONS

On October 29, 1996, the Company issued approximately 2,090,000 shares of common stock to its officers and directors for services performed and payments made on the Company's behalf during its formation. This transaction was valued at approximately \$0.003 per share or an aggregate value of approximately \$6,500.

On October 2, 2000, the Company declared a 6 to 1 stock split of its

shares of common stock, par value \$.0005 per share. As a result of the split, 10,450,000 shares were issued and Paid-In

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 24. INDEMNIFICATION OF OFFICERS AND DIRECTORS

Section 78(1)(2)(3) & (4) of the Nevada Revised Statutes (the "NRS") permits corporations to indemnify a director, officer or control person of the corporation or its stockholders for any liability asserted against him and liability and expenses incurred by him in his capacity as a director, officer, employee or agent, or arising out of his status as such, whether or not the corporation has the authority to indemnify him against such liability and expense. Our Articles of Incorporation and By-laws do not include such a provision automatically indemnifying a director, officer or control person of the corporation or its stockholders for any liability asserted against him and liability and expenses incurred by him in his capacity as a director, officer, employee or agent, or arising out of his status as such.

Our By-laws, Article X Section 3, do permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether or not Nevada law would permit indemnification.

BY-LAWS
OF
EFOODSAFETY.COM, INC.

ARTICLE I
OFFICES

Section 1. PRINCIPAL OFFICE. The principal office for the transaction of business of the corporation shall be fixed or may be changed by approval of a majority of the authorized Directors, and additional offices may be established and maintained at such other place or places as the Board of Directors may from time to time designate.

Section 2. OTHER OFFICES. Branch or subordinate offices may at any time be established by the Board of Directors at any place or places where the corporation is qualified to do business.

ARTICLE II
DIRECTORS - MANAGEMENT

Section 1. RESPONSIBILITY OF BOARD OF DIRECTORS. Subject to the provisions of applicable law and to any limitations in the Articles of Incorporation of the corporation relating to action required to be approved by the Shareholders, or by the outstanding shares, the business and affairs of the corporation shall be managed and all corporate powers shall be exercised by or under the direction of the Board of Directors. The Board may delegate the management of the day-to-day operation of the business of the corporation to an executive committee or others, provided that the business and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board.

Section 2. STANDARD OF CARE. Each Director shall perform the duties of a Director, including the duties as a member of any committee of the Board upon which the Director may serve, in good faith, in a manner such Director believes to be in the best interests of the corporation, and with such care, including reasonable inquiry, as an ordinary prudent person in a like position would use under similar circumstances.

Section 3. NUMBER AND QUALIFICATION OF DIRECTORS. The authorized number of Directors shall be up to fifteen (15) until changed by a duly adopted amendment to the Articles of Incorporation or by an amendment to this by-law adopted by the vote or written consent of holders of a majority of the outstanding shares entitled to vote.

(this space intentionally left blank)

Section 4. ELECTION AND TERM OF OFFICE OF DIRECTORS. Three (3) Directors can be elected at each annual meeting of the Shareholders to hold office until the next annual meeting until the limit of fifteen (15) directors is reached. Each Director, including a Director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

Section 5. VACANCIES. Vacancies in the Board of Directors may be filled by a majority of the remaining Directors, though less than a quorum, or by a sole remaining Director, except that a vacancy created by the removal of a Director by the vote or written consent of the Shareholders or by court order may be

filled only by the vote of a majority of the shares entitled to vote represented at a duly held meeting at which a quorum is present, or by the written consent of holders of a majority of the outstanding shares entitled to vote. Each Director so elected shall hold office until the next annual meeting of the Shareholders and until a successor has been elected and qualified.

A vacancy or vacancies in the Board of Directors shall be deemed to exist in the event of the death, resignation, or removal of any Director, or if the Board of Directors by resolution declares vacant the office of a Director who has been declared of unsound mind by an order of court or convicted of a felony, or if the authorized number of Directors is increased, or if the Shareholders fail, at any meeting of Shareholders at which any Director or Directors are elected, to elect the number of Directors to be voted for at that meeting.

The Shareholders may elect a Director or Directors at any time to fill any vacancy or vacancies not filled by the Directors, but any such election by written consent shall require the consent of a majority of the outstanding shares entitled to vote.

Any Director may resign effective on giving written notice to the Chairman of the Board, the President, the Secretary, or the Board of Directors, unless the notice specifies a later time for that resignation to become effective. If the resignation of a Director is effective at a future time, the Board of Directors may elect a successor to take office when the resignation becomes effective.

No reduction of the authorized number of Directors shall have the effect of removing any Director before that Directors' term of office expires.

Section 6. REMOVAL OF DIRECTORS. Subject to applicable law, the entire Board of Directors or any individual Director may be removed from office. In such case, the remaining Board members may elect a successor Director to fill such vacancy for the remaining unexpired term of the Director so removed.

Section 7. NOTICE, PLACE AND MANNER OF MEETINGS. Meetings of the Board of Directors may be called by the Chairman of the Board, or the President, or any Vice President, or the Secretary, or any one (1) Director and shall be held at the principal executive office of the corporation, unless some other place is designated in the notice of the meeting. Members of the Board may participate in a meeting through use of a conference telephone or similar communications equipment so long as all members participating in such a meeting can hear one another. Accurate minutes of any meeting of the Board or any committee thereof, shall be maintained by the Secretary or other officer designated for that purpose.

2

Section 8. ORGANIZATIONAL MEETINGS. The organizational meetings of the Board of Directors shall be held immediately following the adjournment of the Annual Meetings of the Shareholders.

Section 9. OTHER REGULAR MEETINGS. Regular meetings of the Board of Directors shall be held at the corporate offices, or such other place as may be designated by the Board of Directors, as follows:

Time of Regular Meeting: 9:00 A.M.

Date of Regular Meeting: Last Friday of every month

If said day shall fall upon a holiday, such meetings shall be held on the next succeeding business day thereafter. No notice need be given of such regular meetings.

Section 10. SPECIAL MEETINGS - NOTICES - WAIVERS. Special meetings of the Board may be called at any time by the President or, if he or she is absent or unable or refuses to act, by any Vice President or the Secretary or by any one (1) Director if only one is provided.

At least forty-eight (48) hours notice of the time and place of special meetings shall be delivered personally to the Directors or personally communicated to them by a corporate officer by telephone or telegraph. If the notice is sent to a Director by letter, it shall be addressed to him or her at his or her address as it is shown upon the records of the corporation, or if it

is not so shown on such records or if not readily ascertainable, at the place in which the meetings of the Directors are regularly held. In case such notice is mailed, it shall be deposited in the United States mail, postage prepaid, in the place in which the principal executive officer of the corporation is located at least four (4) days prior to the time of the holding of the meeting. Such mailing, telegraphing, telephoning or delivery as above provided shall be due, legal and personal notice to such Director.

When all of the Directors are present at any Directors' meeting, however, called or noticed, and either (i) sign a written consent thereto on the records of such meeting, or, (ii) if a majority of the Directors is present and if those not present sign a waiver of notice of such meeting or a consent to holding the meeting or an approval of the minute thereof, whether prior to or after the holding of such meeting, which said waiver, consent or approval shall be filed with the Secretary of the corporation, or, (iii) if a Director attends a meeting without notice but without protesting, prior thereto or at its commencement, the lack of notice, then the transactions thereof are as valid as if had at a meeting regularly called and noticed.

Section 11. DIRECTORS' ACTION BY UNANIMOUS WRITTEN CONSENT. Any action required or permitted to be taken by the Board of Directors may be taken without a meeting and with the same force and effect as if taken by a unanimous vote of Directors, if authorized by a writing signed individually or collectively by all members of the Board. Such consent shall be filed with the regular minutes of the Board.

3

Section 12. QUORUM. A majority of the number of Directors as fixed by the Articles of Incorporation or By-Laws shall be necessary to constitute a quorum for the transaction of business, and the action of a majority of the Directors present at any meeting at which there is a quorum, when duly assembled, is valid as a corporate act; provided that a minority of the Directors, in the absence of a quorum, may adjourn from time to time, but may not transact any business. A meeting at which a quorum is initially present may continue to transact business, notwithstanding the withdrawal of Directors, if any action taken is approved by a majority of the required quorum for such meeting. A supermajority of eighty percent (80%) of the Directors shall be necessary to approve any bid for a majority ownership in the corporation by any other individual or entity.

Section 13. NOTICE OF ADJOURNMENT. Notice of the time and place of holding an adjourned meeting need not be given to absent Directors if the time and place be fixed at the meeting adjourned and held within twenty-four (24) hours, but if adjourned more than twenty-four (24) hours, notice shall be given to all Directors not present at the time of the adjournment.

Section 14. COMPENSATION OF DIRECTORS. Directors, as such, shall not receive any stated salary for their services, but by resolution of the Board a fixed sum and expense of attendance, if any, may be allowed for attendance at each regular and special meeting of the Board; provided that nothing herein contained shall be construed to preclude any Director from serving the corporation in any other capacity and receiving compensation therefor.

Section 15. COMMITTEES. Committees of the Board may be appointed by resolution passed by a majority of the whole Board. Committees shall be composed of two (2) or more members of the Board and shall have such powers of the Board as may be expressly delegated to it by resolution of the Board of Directors, except those powers expressly made non-delegable by applicable law.

Section 16. ADVISORY DIRECTORS. The Board of Directors from time to time may elect one or more persons to be Advisory Directors who shall not by such appointment be members of the Board of Directors. Advisory Directors shall be available from time to time to perform special assignments specified by the President, to attend meetings of the Board of Directors upon invitation and to furnish consultation to the Board. The period during which the title shall be held may be prescribed by the Board of Directors. If no period is prescribed, the title shall be held at the pleasure of the Board.

Section 17. RESIGNATIONS. Any Director may resign effective upon giving written notice to the Chairman of the Board, the President, the Secretary or the Board of Directors of the Corporation, unless the notice specifies a later time for the effectiveness of such resignation. If the resignation is effective at a

future time, a successor may be elected to take office when the resignation becomes effective.

ARTICLE III

4

Section 4. REMOVAL AND RESIGNATION OF OFFICERS. Subject to the rights, if any, of any officer under any contract of employment, any officer may be removed, either with or without cause, by the Board of Directors, at any regular or special meeting of the Board, or except in case of an Officer chosen by the Board of Directors by any Officer upon whom such power of removal may be conferred by the Board of Directors.

Any Officer may resign at any time by giving written notice to the corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the resignation shall not be necessary to make it effective. Any resignation is without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party.

Section 5. VACANCIES. A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in the By-Laws for regular appointment to that office.

Section 6. CHAIRMAN OF THE BOARD. The Chairman of the Board, if such an officer be elected, shall, if present, preside at meetings of the Board of Directors and exercise and perform such other powers and duties as may be from time to time assigned by the Board of Directors or prescribed by the By-Laws. Section 7. President/Chief Executive Officer. Subject to such supervisory powers, if any, as may be given by the Board of Directors to the chairman of the Board, if there be such an officer, the President shall be the Chief Executive Officer of the corporation and shall, subject to the control of the Board of Directors, have general supervision, direction and control of the business and Officers of the corporation. He or she shall preside at all meetings of the

5

Shareholders and in the absence of the Chairman of the Board, or if there be none, at all meetings of the Board of Directors. The President shall be ex officio a member of all the standing committees, including the Executive Committee, if any, and shall have the general powers and duties of management

usually vested in the office of President of a corporation, and shall have such other powers and duties as may be prescribed by the Board of Directors or the By-Laws.

(this space intentionally left blank)

Section 8. VICE PRESIDENT. In the absence or disability of the President, the Vice Presidents, if any, in order of their rank as fixed by the Board of Directors, or if not ranked, the Vice President designated by the Board of Directors, shall perform all the duties of the President, and when so acting shall have all the powers of, and be subject to, all the restrictions upon, the President. The Vice Presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the Board of Directors or the By-Laws.

Section 9. SECRETARY. The Secretary shall keep, or cause to be kept, a book of minutes at the principal office or such other place as the Board of Directors may order, of all meetings of Directors and Shareholders, with the time and place of holding, whether regular or special, and if special, how authorized, the notice thereof given, the names of those present at Directors' meetings, the number of shares present or represented at Shareholders' meetings and the proceedings thereof.

The Secretary shall keep, or cause to be kept, at the principal office or at the office of the corporation's transfer agent, a share register, or duplicate share register showing the names of the Shareholders and their addresses, the number and classes of shares held by each, the number and date of certificates issued for the same, and the number and date of cancellation of every certificate surrendered for cancellation.

The Secretary shall give, or cause to be given, notice of all the meetings of the Shareholders and of the Board of Directors required by the By-Laws or by law to be given. He or she shall keep the seal of the corporation in safe custody, and shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or by the By-Laws.

Section 10. CHIEF FINANCIAL OFFICER. The Chief Financial Officer shall keep and maintain, or cause to be kept and maintained in accordance with generally accepted accounting principles, adequate and correct accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, earnings (or surplus) and shares. The books of accounts shall at all reasonable times be open to inspection by any Director.

This officer shall deposit all moneys and other valuables in the name and to the credit of the corporation with such depositaries as may be designated by the Board of Directors. He or she shall disburse the funds of the corporation as may be ordered by the Board of Directors, shall

6

render to the President and Directors, whenever they request it, an account of all of his or her transactions and of the financial condition of the corporation, and shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or the By-Laws.

ARTICLE IV

SHAREHOLDERS' MEETINGS

Section 1. PLACE OF MEETINGS. All meetings of the Shareholders shall be held at the principal executive office of the corporation unless some other appropriate and convenient location be designated for that purpose from time to time by the Board of Directors.

Section 2. ANNUAL MEETINGS. The annual meetings of the Shareholders shall be held, each year, at the time and on the day following:

Time of Meeting: 10:00 A.M.

Date of Meeting: March 5th

If this day shall be a legal holiday, then the meeting shall be held on the next succeeding business day, at the same hour. At the annual meeting, the Shareholders shall elect a Board of Directors, consider reports of the affairs of the corporation and transact such other business as may be properly brought before the meeting.

Section 3. SPECIAL MEETINGS. Special meetings of the Shareholders may be called at any time by the Board of Directors, the Chairman of the Board, the President, a Vice President, the Secretary, or by one or more Shareholders holding not less than one-tenth (1/10) of the voting power of the corporation. Except as next provided, notice shall be given as for the annual meeting.

Upon receipt of a written request addressed to the Chairman, President, Vice President, or Secretary, mailed or delivered personally to such officer by any person (other than the Board) entitled to call a special meeting of Shareholders, such Officer shall cause notice to be given, to the Shareholders entitled to vote, that a meeting will be held at a time requested by the person or persons calling the meeting, not less than thirty- five (35) nor more than sixty (60) days after the receipt of such request. If such notice is not given within twenty (20) days after receipt of such request, the persons calling the meeting may give notice thereof in the same manner provided by these By-Laws.

Section 4. NOTICE OF MEETINGS - REPORTS. Notice of meetings, annual or special, shall be given in writing not less than ten (10) nor more than sixty (60) days before the date of the meeting to Shareholders entitled to vote thereat. Such notice shall be given by the Secretary or the Assistant Secretary, or if there be no such officer, or in the case of his or her neglect or refusal, by any Director or Shareholder.

7

Such notices or any reports shall be given personally or by mail and shall be sent to the Shareholder's address appearing on the books of the corporation, or supplied by him or her to the corporation for the purpose of the notice.

Notice of any meeting of Shareholders shall specify the place, the day and the hour of meeting, and (i) in case of a special meeting, the general nature of the business to be transacted and no other business may be transacted, or (ii) in the case of an annual meeting, those matters which Board at date of mailing, intends to present for action by the Shareholders. At any meetings where Directors are to be elected notice shall include the names of the nominees, if any, intended at date of notice to be presented by management for election.

If a Shareholder supplies no address, notice shall be deemed to have been given if mailed to the place where the principal executive office of the corporation is situated, or published at least once in some newspaper of general circulation in the County of said principal office.

Notice shall be deemed given at the time it is delivered personally or deposited in the mail or sent by other means of written communication. The Officer giving such notice or report shall prepare and file an affidavit or declaration thereof.

When a meeting is adjourned for forty-five (45) days or more, notice of the adjourned meeting shall be given as in case of an original meeting. Save, as aforesaid, it shall not be necessary to give any notice of adjournment or of the business to be transacted at an adjourned meeting other than by announcement at the meeting at which said adjournment is taken.

Section 5. WAIVER OF NOTICE OR CONSENT BY ABSENT SHAREHOLDERS. The transactions of any meeting of Shareholders, however called and notice, shall be valid as though it had been a meeting duly held after regular call and notice, if a quorum be present either in person or by proxy, and if, either before or after the meeting, each of the Shareholders entitled to vote, not present in person or by proxy, sign a written waiver of notice, or a consent to the holding

of such meeting or an approval shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance shall constitute a waiver of notice, unless objection shall be made as provided in applicable law.

Section 6. SHAREHOLDERS ACTING WITHOUT A MEETING - DIRECTORS. Any action which may be taken at a meeting of the Shareholders, may be taken without a meeting or notice of meeting if authorized by a writing signed by all of the Shareholders entitled to vote at a meeting for such purpose, and filed with the Secretary of the corporation, provided, further, that while ordinarily Directors can be elected by unanimous written consent, if the Directors fail to fill a vacancy, then a Director to fill that vacancy may be elected by the written consent of persons holding a majority of shares entitled to vote for the election of Directors.

Section 7. OTHER ACTIONS WITHOUT A MEETING. Unless otherwise provided for under applicable law or the Articles of Incorporation, any action which may be taken at any annual or special meeting of Shareholders may be taken without a meeting and without prior notice, if a consent in writing, setting forth the action so taken, signed by the holders of outstanding shares having not less than the minimum number of votes that would be necessary to

8

authorize to take such action at a meeting at which all shares entitled to vote thereon were present and voted.

Unless the consents of all Shareholders entitled to vote have been solicited in writing,

- (i) Notice of any Shareholder approval without a meeting by less than unanimous written consent shall be given at least ten (10) days before the consummation of the action authorized by such approval, and
- (ii) Prompt notice shall be given of the taking of any other corporate action approved by Shareholders without a meeting be less than unanimous written consent, to each of those Shareholders entitled to vote who have not consented in writing.

Any Shareholder giving a written consent, or the Shareholder's proxy holders, or a transferee of the shares of a personal representative of the Shareholder or their respective proxy holders, may revoke the consent by a writing received by the corporation prior to the time that written consents of the number of shares required to authorize the proposed action have been filed with the Secretary of the corporation, but may not do so thereafter. Such revocation is effective upon its receipt by the Secretary of the corporation.

Section 8. QUORUM. The holder of a majority of the shares entitled to vote thereat, present in person, or represented by proxy, shall constitute a quorum at all meetings of the Shareholders for the transaction of business except as otherwise provided by law, by the Articles of Incorporation, or by these By-Laws. If, however, such majority shall not be present or represented at any meeting of the Shareholders, the shareholders entitled to vote thereat, present in person, or by proxy, shall have the power to adjourn the meeting from time to time, until the requisite amount of voting shares shall be present. At such adjourned meeting at which the requisite amount of voting shares shall be represented, any business may be transacted which might have been transacted at a meeting as originally notified.

If a quorum be initially present, the Shareholders may continue to transact business until adjournment, notwithstanding the withdrawal of enough Shareholders to leave less than a quorum, if any action taken is approved by a majority of the Shareholders required to initially constitute a quorum.

Section 9. VOTING. Only persons in whose names shares entitled to vote stand on the stock records of the corporation on the day of any meeting of Shareholders, unless some other day be fixed by the Board of Directors for the determination of Shareholders of record, and then on such other day, shall be entitled to vote at such meeting.

Provided the candidate's name has been placed in nomination prior to the voting and one or more Shareholders has given notice at the meeting prior to the voting of the Shareholder's intent to cumulate the

9

Shareholder's votes, every Shareholder entitled to vote at any election for Directors of any corporation for profit may cumulate their votes and give one candidate a number of votes equal to the number of Directors to be elected multiplied by the number of votes to which his or her shares are entitled to, or distribute his or her votes on the same principle among as many candidates as he or she thinks fit.

The candidates receiving the highest number of votes up to the number of Directors to be elected are elected.

The Board of Directors may fix a time in the future not exceeding thirty (30) days preceding the date of any meeting of Shareholders or the date fixed for the payment of any dividend or distribution, or for the allotment of rights, or when any change or conversion or exchange of shares shall go into effect, as a record date for the determination of the Shareholders entitled to notice of and to vote at any such meeting, or entitled to receive any such dividend or distribution, or any allotment of rights or to exercise the rights in respect to any such change, conversion or exchange of shares. In such case only Shareholders of record on the date so fixed shall be entitled to notice of and to vote at such meeting, to receive such dividends, distribution or allotment of rights, or to exercise such rights, as the case may be notwithstanding any transfer of any share on the books of the corporation after any record date fixed as aforesaid.

The Board of Directors may close the books of the corporation against transfers of shares during the whole or any part of such period.

Section 10. PROXIES. Every Shareholder entitled to vote, or to execute consents, may do so, either in person or by written proxy, executed in accordance with the provisions of applicable law filed with the Secretary of the corporation.
